

# RESEARCH REDEFINE

**ACCUPREC**  
RESEARCH LABS PVT. LTD.

Ultimate solution...

# About Us

Accuprec Research Labs Pvt. Ltd. is a Service provider for various testing services required for pharmaceuticals, chemicals, phytochemicals, food product, herbal formulations as well as Medical devices. Accuprec has been founded by a group of highly qualified professionals having excellent track record with proven success and commitment to quality in their respective areas of expertise.

Currently we are working with 200+ companies of Pharma, Food & Medical device Manufacturers from India and outside India.

## MISSION

To provide quality testing services with accuracy and precision to offer its clients a seamless experience in ensuring quality of their products. We aim at becoming the **“Ultimate Solution”** for our clients.

Shri Mulubhai Kandoriya (MD)

Dr. Rina Gokani (Director & CSO)

## VISION

To become the most-preferred quality testing service provider for its clients with its services making the clients feel Accuprec as their **“Extended Enterprise”**.

## AIM

To become catalyst for our client’s growth by means of conversion from **“Research to Revenue”**.

Dr. Manish A. Rachchh (Director & CEO)

Mr. Mayur Kandoriya (Director & CMO)

## MOTTO

**“Uncompromised quality and prompt service”**

## Accreditations

Gujarat State FDCA Approved Testing Lab (GTL/37/31)

ISO 9001:2015 Certified (ASCB-UK, 2017-HK-0010)

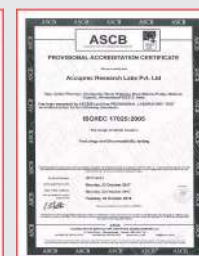

GLP Certified

CPCSEA approved animal facility (1709/PO/Rc/S/13/CPCSEA)

NABL Accredited (TC-6124)

ISO/IEC 17025:2005 Certified (ASCB-UK, 201710-01)

Ministry of AYUSH approved Testing Lab (License: GATL/03)

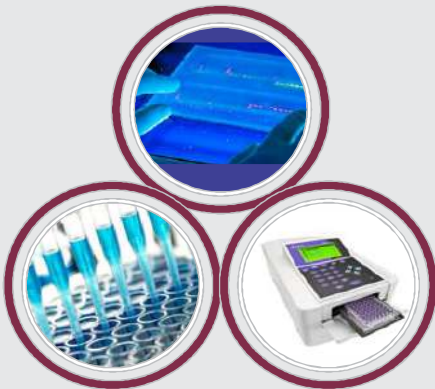

## 1) Analytical Testing Of Pharmaceuticals & Cosmetics

- Analytical Testing Of Pharmaceuticals & Cosmetics
- API characterization and analysis
- Analytical method development
- Bio-Analytical Method Development and Validation
- Comparative Dissolution Study
- Excipient compatibility Study
- Extractable and Leachable Study (As per USP)
- Impurity Isolation and Characterization
- Method Validation as per ICH and USP guideline.

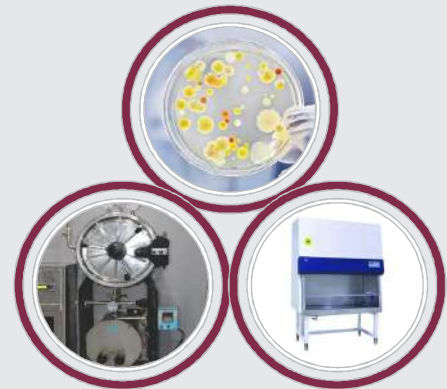

## 2) Biotechnological Services

- Cell-Line Study for New Molecules
- Determination of Immunoglobulin using HPLC
- ELISA Testing
- In-Vitro Cytotoxicity Study
- Qualitative and Quantitative Testing of Protein (SDS-Page, Native Page)
- Qualitative and Quantitative Testing of Nuclease Contamination (DNase and Rna se
- Testing of Human DNA Contamination
- Testing of Host Cell DNA
- Testing Using RT - PCR
- BSE/TSE Testing

## 3) Microbiological Services

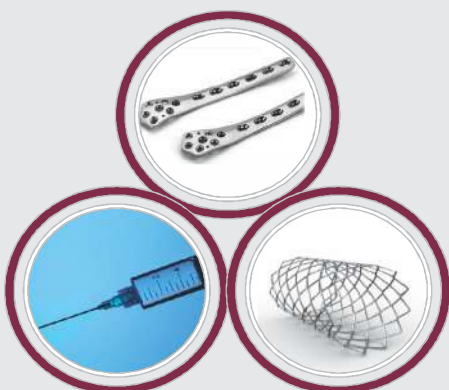

- Antibiotic Assays
- Assay of Vitamins
- Bio- Burden Testing
- Disinfectant Efficiency Test
- Identification and Characterization of Microorganism
- Microbiological Testing of Formulation
- Microbial Limit Test (MLT)
- Pathogen Identification
- Preservative Efficiency Test
- Sterility Testing
- Testing of Bacterial Endotoxin (LAL Test)
- Validation of Microbial Test Methods

## 4) Bio - Compatibility Studies of Medical Devices

(As per ISO 10993, USFDA and MHLW Guideline)

- Cytotoxicity Study
- Sensitization Study
- Irritation or Intracutaneous Reactivity
- Systemic Toxicity Study (Acute)
- Genotoxicity
- Implantation Study
- Systemic Toxicity Study (Sub - Chronic)
- Systemic Toxicity Study (Chronic)
- Hemocompatibility Study
- Pyrogen Testing
- Degradation & Toxicokinetic Study
- Carcinogenicity test
- Reproductive / Developmental toxicity

## 5) Preclinical & Toxicological Services

- Anti Cancer Activity (In - Vitro/ In Vivo)
  - Anti HIV Activity
  - Bio - Analytical Study
  - CNS, CVS, Antidiabetic Activity, Anti obesity Activity
  - Customized Screening of Services
  - Development of Animal Screening Models
  - DMPK Study
  - Pyrogen Testing
  - Screening of Analgesic, Anti - Inflammatory and Anti - Arthritic Activity
  - Toxicological Studies
- (As per OECD, Schedule Y, ICH, MHRA and USFDA Guidelines)

## 6) Phytochemical & AYUSH Testing Services

(As per API and other Guideline)

- Description, Identification (Using TLC & HPLC/HPTLC)
- Physico-chemical testing of Raw material and AYUSH formulations
- Determination of Heavy Metals and Microbial Contamination
- Determination of Toxins (Pesticides, Afla Toxins)
- Extraction, Fractionation and Optimization
- Estimation of Phytochemical
- Isolation & Characterization
- Standardization of Herbal as well as Ayurvedic Medicines
- Development of Herbal Formulations
- Validation of Ayurvedic Medicine

## 7) Food Testing Services

- Analysis of Food & Agricultural Products as per FSSAI, BIS, EIC/EIA, APEDA & European (EU) Standards.
- Analysis of Residual Pesticides, Drugs and Banned colorants in food products
- Contract Testing Services to Support your HACCP, ISO, GMP and GLP Compliance
- Fatty Acids composition and trans fat content
- Mycotoxins B1, B2, G1, G2, M1 and Ochratoxin in various matrices.
- Proximate analysis and nutritional labeling of food products
- Shelf life estimation of packed food

## 8) Formulation & Development Services

- Controlled release and Sustained Release Formulations
- Excipient Compatibility Selection and Optimization
- Formulation Development For New Chemical Entities (NCE)
- Lab Scale, Pilot Plant, Scale Up Production
- Novel Drug Delivery System for Existing Drugs
- Optimization of Existing Formulations
- Tech Transfer and Commercial Production Support

## 9) Dyes, Pigment & Plastic Testing Services

- Chemical testing of dyes & pigments of Textile & color Industry.
- Heavy metal Analysis
- Particle Size Measurement
- Particle Size Volume Determination
- Migration Study
- Food Contact Material (FCM) Testing (EN 1935/2004)
- Bio-degradability Testing (ISO 17556-2012 & ASTM D 5988-12)

## 10) Research & Development Services

- Design & Development of Innovative & patentable formulations.
- Synthesis & process development of Pharmaceutical Herbal, Agriculture, Material science & cosmetics products
- Isolation, Purification & Characterization of Pharmaceutical and herbal
- Nano technology based research like Nano biosensor, Nano formulation, Nano Nutraceuticals and Nano based Cosmetics, Agriculture and Material science.

## 11) Stability Testing Services

- All Zones Stability Testing are available including walking stability chamber
- Determination of Shelf life of Medical Device & Disposables
- Stability Testing as per ICH Guideline

## 12) Clinical Services

- BA/BE Study of Drugs as per the Regulatory guidelines of the Particular country Specified by the Sponsor.
- Clinical site management as per requirement by the sponsor.
- Clinical Trial of Phase II, III and IV for Synthetic Drugs and Herbal Drugs as per schedule Y, ICMR and ICH-GCP guidelines
- Preparation of Clinical trial Protocol for Synthetic Drug and as well as Herbal Drug and Regulatory Approval there of

## 13) Regulatory Dossier Preparation

- Preparation of CTD & e-CTD Dossier for countries like USA, Canada, Europe, Brazil.
- Preparation of Dossier for Allopathic Formulations as well as Herbal Formulations & Medical device also.

## 14) IP Management Services

- Patent Search, Drafting & Filing
- Trademark Search & Filing Services
- Industrial Design Search & Filing Services
- Copyright Filing Services
- PCT Application Drafting & Filing
- Patent Prosecution with patent office of India.
- IP Valuation & its Management.
- Technology transfer & Licence agreements.

# Board of Advisors

**Mr. Padmin Buch**  
Project & IPR Domain Expert,  
Former MD GITCO

**Prof. (Dr) Navin Sheth**  
Vice Chancellor,  
Gujarat Technological University

**Dr. S.P. Adesara**  
Former Commissioner,  
FDCA, Gujarat

**Dr. Jaimin Vasa**  
President  
Gujarat Chamber of Commerce and Industries

**Prof. Vasu Appanna**  
Laurentian University,  
Canada

**Dr. Mukesh Gohel**  
Former Principal,  
L.M. College of Pharmacy

**Mr. Rajiv Mehta**  
President, Ahmedabad  
Management Association

**Mr. V.P. Mehta,**  
Chartered Accountant,  
Jamnagar

**Mr. Anil Pandey,**  
Head, IP Facilitation  
Centre at CII, Ahmedabad
